

## How to login for the first time

You can expect the login process to be the same whether you're on desktop or mobile

### 01 Enter Your Credentials

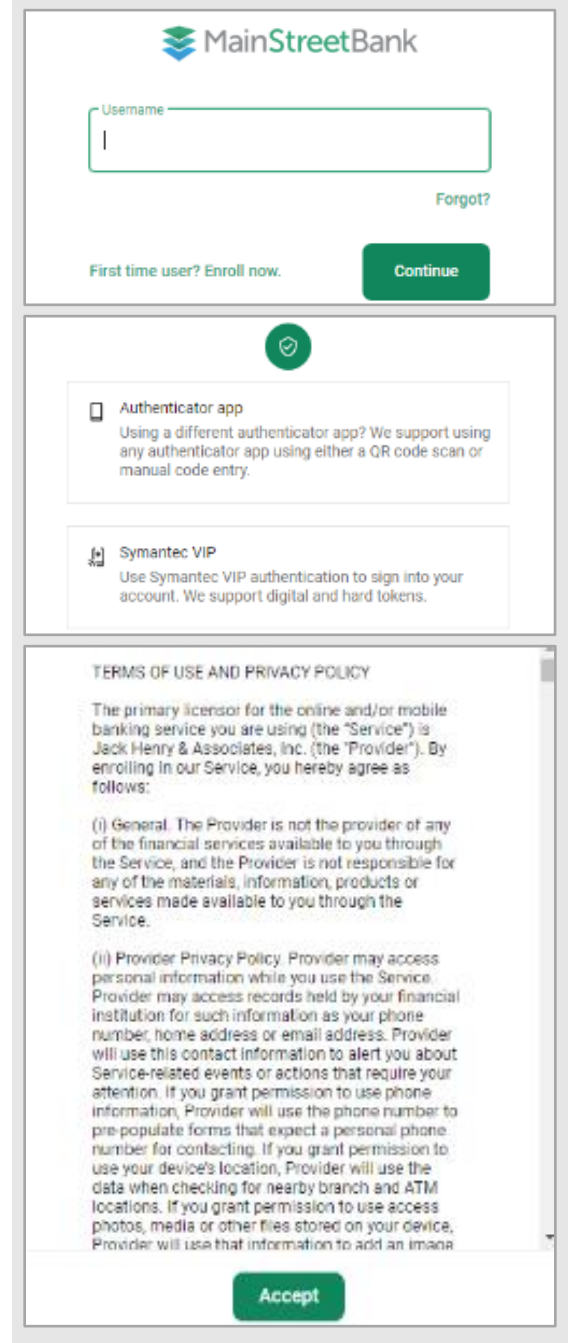

- Visit the desktop login page at **digital-banking.mstreetbank.com**
- Enter your **current username** and click **Continue**
- Once the password box appears, enter your **current password** and click **Sign in**
- Read the disclosure, check the box next to "I Agree" then click **Continue**

### 02 Configure Multifactor Authentication

- To protect your account with 2-step verification, click **Get Started**
- You can choose between an authenticator app (like Duo, Microsoft Authenticator, Authy, or Google) or your existing token app, Symantec VIP.
  - Authenticator App:
    - Open your authenticator app on your mobile device and follow the prompts to add MainStreet Digital
    - Scan the QR code or enter the details manually to configure
    - Enter the verification code from your mobile device and click **Verify**
  - Symantec VIP:
    - Open the VIP app on your mobile device
    - Enter your unique **Credential ID** (including all letters and numbers)
    - Click **Next**
    - Enter the verification code from your mobile device and click **Verify**

### 03 Accept Terms

- You will be presented with MainStreet Bank's Online Terms and Conditions.
- Scroll through the user agreement and click **Accept**

The image shows three sequential screenshots of the MainStreetBank digital banking login interface. The first screenshot shows the login page with a 'Username' input field, a 'Forgot?' link, and a 'Continue' button. Below the input field, it says 'First time user? Enroll now.' The second screenshot shows a selection screen for multifactor authentication with two options: 'Authenticator app' and 'Symantec VIP'. The 'Authenticator app' option includes a checkmark icon and text: 'Using a different authenticator app? We support using any authenticator app using either a QR code scan or manual code entry.' The 'Symantec VIP' option includes a checkmark icon and text: 'Use Symantec VIP authentication to sign into your account. We support digital and hard tokens.' The third screenshot shows the 'TERMS OF USE AND PRIVACY POLICY' section, which includes a scrollable text area with legal disclaimers and a green 'Accept' button at the bottom.
