

## HOW TO REGISTER YOUR SECURE TOKEN

As an added layer of security, your account has been enabled with a two-factor authentication which requires the use of Symantec VIP Access.

### Step 1 Download the Token App

- Go to the mobile App Store and download Symantec VIP Access.

### Step 2 Register Your Secure Token

- Upon login, you will be prompted with a message asking if you have a secure token.
- Click Yes

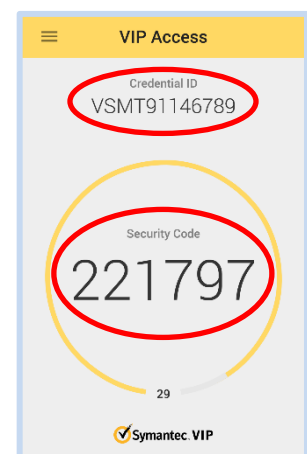

Register your Secure:

If you have your Secure Token, please click **Yes** and follow the instructions to register it. If you are not ready to register your Secure Token, click **No** to be prompted to register it during a future login.

Yes  No

### Step 3 Enter Token Information

- Enter the Credential ID (including any preceding letters) and Security Code from your VIP App to register your token. **Only the Security Code will be required for all future logins.**
- You will receive a confirmation message once you have successfully registered your token.
